RURAL SERVICES BASIC FUND

The Rural Services Basic Fund is used to levy taxes for rural county services as identified in Section 331.428 of the Code of Iowa (see the Financial Management Policies in the Supplemental Information section of the budget document).

The County currently uses this fund for two specific purposes: (1) transfer of funds to the Secondary Roads Fund, and (2) appropriation of funds toward the funding of the Scott County Library.

The levy for the aforementioned two purposes is applied only against property located in the unincorporated areas (townships). Since the taxable valuation of agricultural land, which represents 21% of the total rural valuation base, is computed on a five year productivity average as opposed to fair market value, the rural tax base and calculated rural services fund tax levy rate have fluctuated over the past ten (10) years as shows below:

Fiscal Year	Rural Tax Base	Rural Services Fund Levy *	Rural Services Fund Levy
1998-99	516,580,701	1,766,799	3.32020

SECONDARY ROAD FUND

The Secondary Road Fund is established pursuant to Section 331.429 of the Code of Iowa (see Financial Management Policies in the Supplemental Information section of the budget document). This fund is used to account for all Secondary Road services expenditures and sources of revenue. The primary sources of revenue include proceeds from the State Road Use Tax and transfers of levied property taxes from both the General Basic Fund and the Rural Services Basic Fund.

The maximum levy amount in any one year from the General Basic Fund cannot exceed the equivalent of a tax of sixteen and seven-eighths cent (.16875) per thousand dollars of assessed value of all taxable property in the County. The maximum levy amount in any one year from the Rural Services Basic Fund cannot exceed the equivalent of a tax of three dollars and three-eighths cents (\$3.00375) per thousand dollars of assessed value on all taxable property not located within the corporate limits of a city (i.e.: townships).

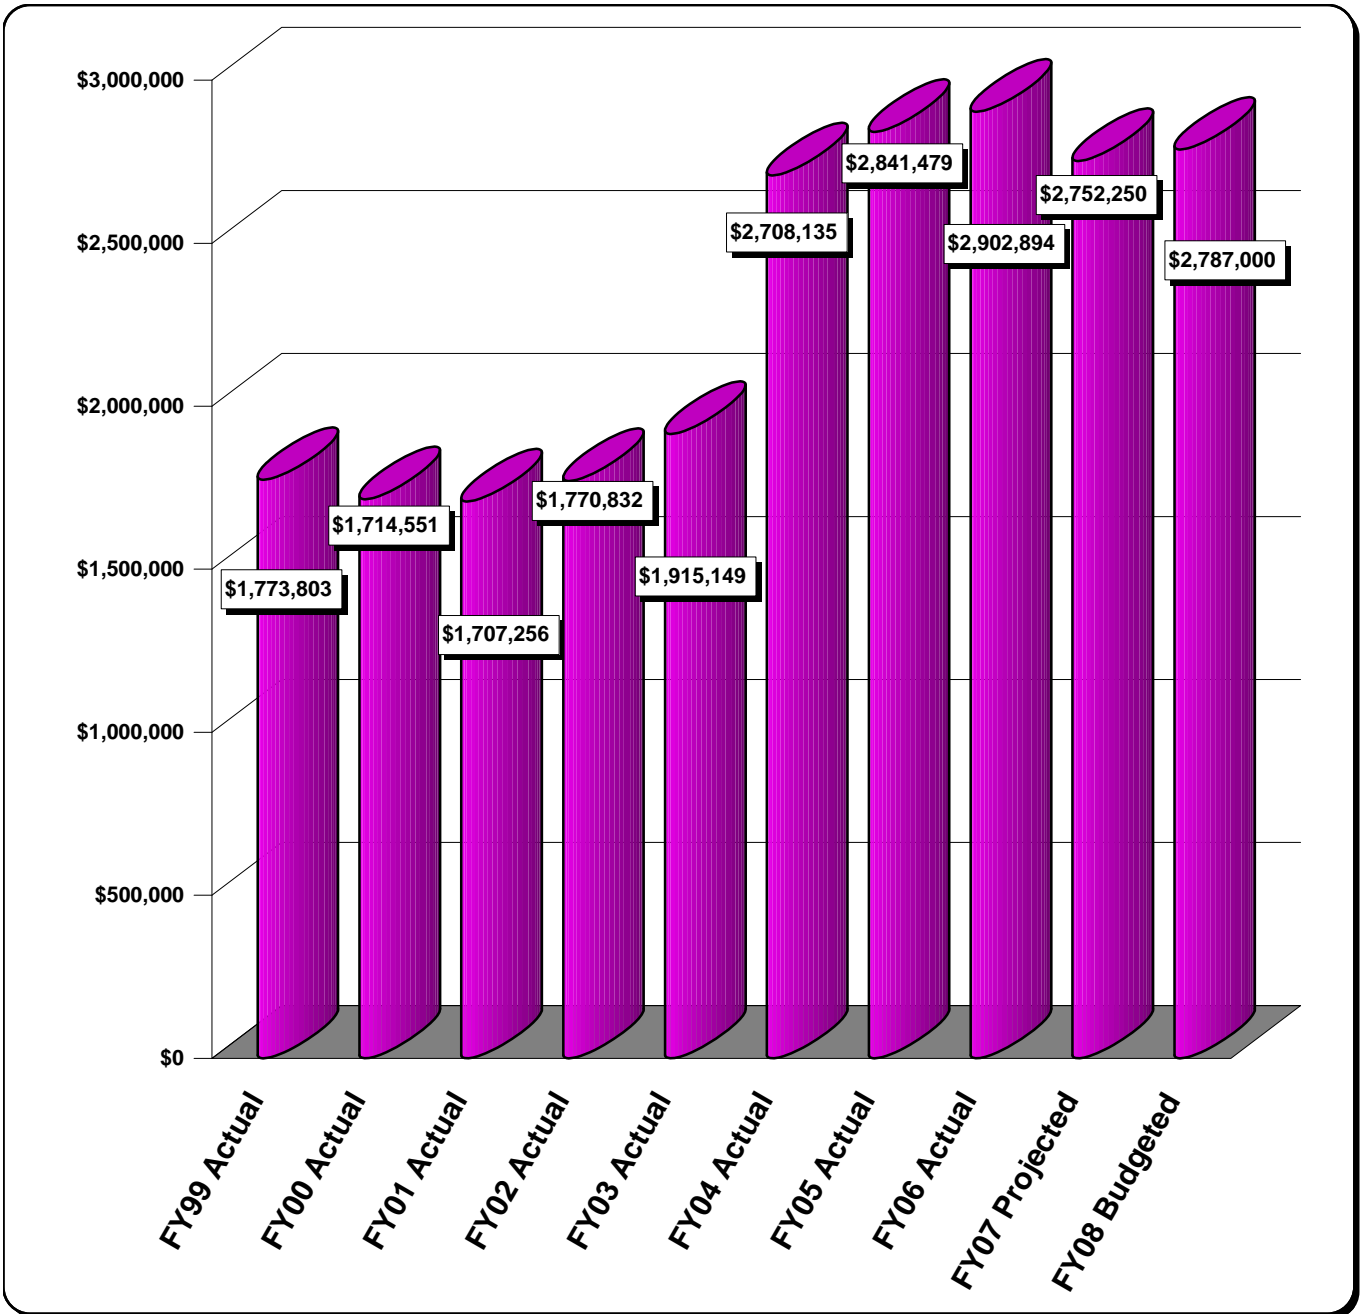

Previously, every four years the allocation formula changed based on a needs assessment performed by the State. While previous needs assessment reports have lowered the County allocated amount in the past, the most current study resulted in a major increase to Scott County. FY04 increased substantially compared to prior fiscal year amounts. This increase will fund construction projects and help keep the rural services property tax levy stable. The State recently passed legislation that will allow for more stable use tax allotments each year. The new State distribution formula did slightly reduce the County's allocation for FY07 and FY08.

The following information provides a ten year history of State Road Use Tax revenues:

Fiscal Year	Road Use Tax Revenues
1998-99	1,773,803
1999-00	1,714,551
2000-01	1,707,256
2001-02	1,770,832
2002-03	1,915,149
2003-04	2,708,135
2004-05	2,841,479
2005-06	2,902,894
2006-07 (Revised estimate)	2,752,250
2007-08 (Budget)	2,787,000

Finally for fiscal year 2007-08 the corporate levy rate used to compute the transfer amount from the General Basic Fund is \$0.10265 or 61% of the maximum \$.16875 levy rate. While the rural levy rate used to compute the transfer amount from the Rural Basic Fund is \$2.42268 or 81% of the maximum \$3.00375 levy rate.

ROAD USE TAX REVENUES TEN YEAR COMPARISON

This graph shows that after limited growth in recent years, beginning in FY04 Scott County received substantially more in Road Use Taxes due to an update of the needs study report which used to be performed every four years. This substantial increase will go toward construction and keeping the rural services property tax levy stable. New State legislation passed in 2005 will result in more stable use taxes received each year. The dip in RUT projected for FY07 and FY08 is due to the increased gasoline prices resulting in less usage by the traveling public.

RECORDER'S RECORD MANAGEMENT FUND

The 1993 Iowa Legislature created a County Recorder's Record Management Fund to be used exclusively for the preservation of maintenance of public records. The legislation required that a \$1.00 fee per each recorded instrument be deposited into this fund and that the Recorder use the fees collected (and interest earned) to produce and maintain public records that meet archival standards and to enhance the technological storage, and transmission capabilities related to archival quality records. In past years the County Recorder has authorized the purchase of optical imaging equipment to enhance the operations of this office. The Recorder also hired an outside firm to digitize the office's microfilmed records back to 1989, the year the computerized index system was implemented. Most recently, the Recorder's Office used these funds to purchase a new third party computer application to replace the previously in-house developed real estate document system. Based on current transaction levels this fund will receive approximately \$44,000 each year.
