### PROGRAM DESCRIPTION:

The Department of Human Services is a comprehensive human service agency coordinating, paying for and/or providing a broad range of services to some of Iowa's most vulnerable citizens. Services and programs are grouped into four Core Functions: Economic Support, Health Care and Support Services, Child and Adult Protection and Resource Management. The focus of these services is to assist this population with achieving health, safety and self-sufficiency. All of these programs are federally mandated and are supported by federal and state funds. The county's contribution to this process is mandated in state legislation which stipulates the county is responsible for providing the day to day office operational funding. A percentage of this county funding is reimbursed quarterly through the Local Administrative Expense (LAE) Reporting (federal) which includes the direct and indirect costs incurred by the county for the support of DHS services. A large portion of the day to day operational expenditures are determined by federal and state rules as it relates to program administration.
