SUBJ: Summary of Scott County FY09 Actual Revenues and Expenditures for the Three-Month Period Ended September 30, 2008

Kindly find attached the Summary of Scott County FY09 Actual Revenues and Expenditures compared with budgeted amounts for the three months ended September 30, 2008 on an accrual accounting basis.

Actual expenditures were 22.7% used when compared to budgeted amounts (page 3) for the operating budget (net of debt service, capital projects, and golf course operations). The total Scott county budget including non-operating costs was 21.5% expended (page 1). There were no budget amendments adopted by the Board during the first three months of FY09.

Total actual revenues overall for the period reflect 31.4% received when compared to budgeted amounts (page 2).

The Personnel quarterly summary report (page b-1) shows that the overall total authorized FTE level of 454.72 FTE's was reduced by -0.60 FTE's during the period. This reflected the previously Board approved changes in Administration (Administrative Assistant position going full time September 1<sup>st</sup>) and in the Auditor's Office (abolishment of Election Deputy position in July).

A memo is also attached from Mary Thee, Assistant County Administrator with the status of current FTE's authorized in the past as a result of grant funded appropriations. This information is being provided on a quarterly basis to allow discussion between the Board and affected departments when grant funding runs out.

Most departments basically reflect a good financial status at the end of the first quarter based on total expenditures and revenues compared to budget amounts with additional comments for certain departments expressed below:

**Attorney** - The 125.2% revenue amount reflects the amount of forfeited asset funds and the new delinquent fine collection program received during the first quarter.

**Auditor** - The 9.9% revenue amount is due to election costs reimbursement to be received in future quarters (school elections).

**Capital Improvements** - The 12.4% expenditure level reflects the amount of capital projects expended during the period. Specifically the Tremont renovation project will have bids awarded and construction started in the last half of the fiscal year.

**Community Services** – The 2.9% revenue level is due to no State allowable growth funding received during the first quarter. These funds are distributed in future quarters. The 13% expenditure level reflects State Institution and adult ICF/MR billings not all being received and paid for the first quarter at this time.

**Conservation:** - The 41.7% revenue level reflects the amount of camping, pool and beach fees received during the busy summer months. The 32.8% expenditure level reflects the amount of equipment expenditures (64.6%) expended during the period.

**Debt Service** – No debt amortization costs are due during the first quarter. Interest is paid out on the River Renaissance Bonds every June and December with principal amounts paid in June. Interest on the debt service for the solid waste bonds are paid out during June and December of each year with principal payments also made in June. The funding support for the solid waste bond debt service is received from the Scott Solid Waste Commission during the second and fourth quarters of the fiscal year. It is noted that under accrual accounting the amount received from the Commission for principal payments gets credited to a balance sheet asset account - the revenue bond from the Commission the County is holding that collateralizes this transaction. GIS bond debt amortization occurs in December and June of each fiscal year.

**Health Department** – The 12.2% revenue level reflects the amount of grant reimbursements received during the period. The 19.8% expenditure level also reflects the amount of grant expenditures made during the period.

**Human Services** – The 10.9% expenditure level reflects the amount of Title XIX case management matching funds expended during this period.

**Juvenile Court Services** – The 58.5% revenue level reflects all State detention center reimbursements being received during the first quarter. The 21.7% expenditure level reflects the vacancy in the Director's position.

**Planning & Development** – The 21.2% revenue level reflects the lower amount of building permit fees during the current economic climate and no tax deed auction proceeds received during the period. The 30.6% expenditure level is due to the annual allotments made to the GDRC and the Scott County Housing Cluster during the first quarter.

**Recorder** – The 18.8% reflects the current tight credit market due to the nation-wide sub-prime mortgage crisis.

**Secondary Roads** – The 27.2% expenditure level was due to the amount of construction costs expended during the first quarter. The 16.2% revenue amount reflects the amount of road use taxes received for the period on an accrual basis. Only two months of RUT was received as of this report run.

**Sheriff** – The 18.8% revenue amount is due to civil paper service fees received throughout the period not yet posted to the general ledger. They will be reflected in future reports.

**Treasurer** – The 15.5% revenue reflects no interest and penalties on taxes which are received in later periods of the fiscal year in addition to lower than expected interest rates.

**Local Option Tax** – Only two months have been received at the time of this report run.

**Utility Tax Replacement Excise Tax** – These taxes are received from utility companies primarily in October and April of the year.

**Other Taxes** - These taxes include mobile home taxes, grain handled taxes, and monies and credit taxes received during the year.

**State Tax Replacement Credit** - The State Tax Replacement Credits other than against levied taxes are received during the months of December and March each fiscal year. The State mental health property tax relief payment is distributed in two equal installments in July and January of the fiscal year.

**Vehicle Fund and Electronic Equipment Fund** - These revenue amounts are for interest earnings that are made at year-end by accounting adjustment fund transfers as approved by the Board.

**Golf Course Operations** - Debt service payments for the lease purchase financing of the Golf Course are paid out during November and May of each year with principal payments made only in May. It is noted that the Golf Course income statement is based on accrual accounting. This means that equipment purchases are charged (debited) to a balance sheet account (fixed assets) and bond principal payments are charged (debited) to a balance sheet account (bonds/contract payable). Also, annual interest expense on the General Fund loan as well as depreciation expense (non-cash item) is charged to the income statement. Revenues reflect the peak summer months of activity. Expenditures are at 39.4% due to equipment lease payments made during the first quarter.

This report is presented for the Board and your office's review and information. Please contact me should additional information be requested in this area.
