Mary Thee, Assistant County Administrator

From: Matt Hirst, Information Technology Director

Subject: Approval of Purchase CommVault Software Maintenance and Upgrade

CommVault backup software license maintenance is due for renewal. CommVault Simpana is the software implemented by Information Technology to backup data at Scott County.

Additionally, a quote for an upgrade to the CommVault software to add deduplication functionality was also received. Deduplication improves data backup capabilities by eliminating redundant data backup at the block storage level.

The bid summary from B2B Computer Products is as follows:

<u>Product</u>	<u>Total</u>
<b>CommVault Simpana Software Maintenance</b>	<b>\$12,158.75</b>
<b>CommVault Simpana Deduplication Upgrade</b>	<b>\$19,650.00</b>
<b>Total</b>	<b>\$31,808.75</b>

It is recommended that the Board approve the bid from B2B Computer Products in the amount of \$31,808.75.

The CommVault proposal provides Information Technology the ability to obtain the latest updates and patches to the software as well as better utilize data backup storage media. The result is a more functional and dependable backup environment.

Budget dollars are available in the Capital Improvement Program budget to fund the cost of this contract.
