To: Dee F. Bruemmer, County Administrator  
From: Matt Hirst, Information Technology Director  
Subject: Approval of PC Replacement Project – Phase 2

Scott County Information Technology has received a bid for two hundred and thirty (230) Hewlett-Packard PC's as the second phase of a two fiscal year, two phase, County desktop PC replacement project. The cost for these computers from HP is \$694 each or \$159,620.00 for the lot.

Information Technology evaluated County departmental computing requirements in 2008 and found that the approximately one hundred (100) Whyse terminals deployed to access Citrix are not fully meeting the computer requirements and business needs where deployed.

Information Technology currently supports approximately four hundred and fifty (450) network nodes comprised of three hundred and fifty (350) PC's and one hundred (100) Whyse terminals. This project will upgrade the majority of these nodes with current hardware capable of performing in today's computing environment.

The advantage of replacing these computers in a short time frame with two distinct phases is that such a process allows I.T. to standardize the County PC computing platform on one or two PC models. Standardization facilitates the rapid deployment and ease of future PC support by allowing I.T. to establish a standard "image" which can be copied to a PC in a matter of minutes.

Note: The pricing for these PC's was obtained through the State of Iowa WSCA (Western States Contracting Alliance) contract with HP. The pricing through this agreement was competitively sourced and is available for use by all State of Iowa Agencies and Political Sub-Divisions within the State of Iowa including Scott County.

It is recommended that the Board approve the bid from Hewlett-Packard.

Budget dollars are available in the Capital Improvement Program budget to fund the cost of this project.

## RESOLUTION

### SCOTT COUNTY BOARD OF SUPERVISORS

January 21, 2010

#### APPROVING PURCHASE OF PC REPLACEMENTS

BE IT RESOLVED BY the Scott County Board of Supervisors as follows:

- Section 1. The purchase of two hundred and thirty (230) PC desktops from Hewlett-Packard in the amount of \$159,620 is hereby approved.
- Section 2. This resolution shall take effect immediately.
