SUBJ: APPROVAL OF FEES FOR CONSULTANT ON BRIDGE REPLACEMENTS

DATE: February 2, 2010

A resolution approving the consulting fees for engineering and design of two bridge replacement projects in Scott County that we share with the City of Walcott in the amount of \$40,000.00. Payment to the consultant will be 50% from the City of Walcott and 50% from the Secondary Road Funds FY 11. These bridges were found in the last inspection to be in need of replacement within the next five years. The bridges are located on the east corporate lines of Walcott.

The City of Walcott will share half of the cost of engineering fees. The decision to use a consultant for the design of these bridges was made in order to expedite these plans so that we may make use of possible Stimulus II funds for the replacements.
