Re: GIS Software Maintenance Renewal

Our Scott County GIS software suite represents a collection of advanced desktop, server and mobile applications that provide the county with the ability to share, analyze and maintain a growing collection of spatial information. The software we use is developed by the industry leading GIS software firm, Environmental Systems Research Institute (ESRI) based in Redlands, CA.

ESRI's offers an annual, renewable software license for their products which gives us access to product updates, technical support and complimentary ESRI User Conference registration. The maintenance agreement before you covers the following software:

- Two (2) ArcGIS Server Standard Enterprise applications.
- Three (3) Advanced (ArcInfo) desktop applications.
- Seven (7) Standard (ArcView) desktop applications.
- Seven (7) Mobile (ArcPad) applications.
- Three (3) extension products (3D Analyst, Publisher, Spatial Analyst).

I respectfully recommend approval of the ESRI GIS Software Maintenance Renewal request in the amount of \$19,730.82. If approved, the GIS software maintenance renewal costs will be paid for using GIS line item CIP funds.

Sincerely,

Ray Weiser
Scott County GIS Coordinator
