RE: Scott County Application for Substance Abuse Funding FY2011

The Iowa Department of Public Health has released the request for bid for the FY2011 County Substance Abuse Prevention Services Grant. Dollars received from this grant may be used to provide substance abuse programming involving education, prevention, referral, or post-treatment services. Grants of up to \$10,000 are available and must be matched three to one by county dollars. This is a grant that the county has participated in for a number of years, subcontracting with CADS (Center for Alcohol & Drug Services, Inc.) to provide services.

Based on the proposed budget for FY2011 for services through CADS, Scott County is eligible to apply for the full amount of \$10,000. If received, this funding would be used by CADS to provide prevention and aftercare services. I have enclosed the application for these grant funds for consideration and ask that this be placed on the March 30, 2010 Committee of the Whole Agenda.
