**SUBJ:** Approval of agreements - Walcott Bridge Replacement Projects

**DATE:** December 21, 2010

Resolution approving the Federal Aid Agreements for the Walcott Bridge replacement projects: STP-S-C082(48) - - 5E-82 and STP-S-C082(49) - - 5E-82 on the East side of Walcott on Y40, shared with Scott County.

These projects were selected for the second round of Stimulus dollars. Federal Transportation Funding was chosen to pay for the replacements when the Stimulus dollars were discontinued. Scott County is handling the use of Federal dollars on behalf of the City of Walcott.

A 28E agreement will be created which will outline the shared costs of the 20% local match which is required when using federal dollars. This 28E agreement will outline the reimbursement for the county's portion of the TIF that Walcott is proposing to pay for their portion.

Re: City of Walcott's proposed expansion to Urban Renewal Area

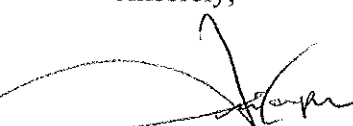

Dear Ms Gallin,

The City of Walcott is looking forward to partnering with Scott County on the bridge improvement project on Blue Grass Road/Y-40. We received your letter and would like to offer the following response to the Board of Supervisor's concerns regarding the use of TIF funds for this project.

The City of Walcott has always deemed infrastructure improvements as an appropriate use of TIF funds. While this project certainly seems appropriate for TIF funding, we do appreciate the County's concerns that through the City's use of TIF funds, the County's portion would be larger than 50% of the project. In the spirit of cooperation and fairness, the City is agreeable to reimbursing the amount of the County's taxes that the City collects through TIF funding for this project.

The City of Walcott believes this project will be a beneficial improvement to Blue Grass Road/Y-40 and we look forward to its completion.

Sincerely,

Mayor Jim Couper
