RE: Renewal of Contract for Case Management Services for the Children's Mental Health Waiver

Enclosed is the renewal contract for case management services between Scott County and the Iowa Department of Human Services. The contract is a three year contract for the period July 1, 2011 to June 30, 2014.

In October 2005, the State of Iowa began serving children diagnosed with serious emotional disturbances through a new program, the Children's Mental Health Waiver. The goal for these children and their families is to develop a treatment plan that will allow the children to remain safely in their own homes and local communities. In FY10, DHS Case Management served eight children diagnosed with serious emotional disturbances in Scott County. There is no cost to the county for this case management service.

I will be available at the Committee of the Whole meeting to answer questions.
