SUBJECT: Putnam Museum's Application for the STEM Learning Center Project

The Putnam Museum has requested that the Board of Supervisors consider a \$30,000 match for a Vision Iowa CAT Grant to be submitted this spring for the STEM (Science Technology Engineering and Math) Learning Center Project at the museum. You visited the site in January where you had an opportunity to review program and plans. The Putnam's request is currently in the recommended FY14 Capital Budget which is also on this Board's agenda.

A resolution is attached to approve this funding with the understanding that the funds will be payable after the CAT grant has been approved and the first phase of the construction has been awarded.
