**Re: Second and Final reading of proposed zoning ordinance text amendment to A-F Zoning District.**

The Board of Supervisors held a public hearing on the proposed zoning text amendment submitted by Nick and Nathan Flenker, dba Flenker Bros LLC. Their request was to add "agricultural logistics" as a permitted use in the Agricultural Service Floating Zone (A-F). Approval of this amendment would then allow them to submit a subsequent A-F rezoning application to establish an A-F zoning district for their ag commodities trucking business. There was no one in attendance, other than the applicants, to address the Board at the public hearing.

During its review and discussion the Planning Commission had slightly amended the description of the permitted use to help ensure that the focus of any such ag logistics business would be on locally produced or locally used ag commodities. The Planning Commission concurred with staff that the current restrictions and requirements to establish an A-F zoning district would be sufficient to address the site specific issues related to such a proposed use.

The Planning Commission unanimously recommended approval of the proposed Zoning Ordinance text amendment to add as a permitted use: Agricultural commodities and logistics businesses involving the local transportation of grain, feed, fertilizer, livestock, and other agricultural commodities to the A-F Zoning District regulations

As stated by staff at the public hearing, approval of this text amendment does not create a site approved for this proposed use. Approval of this amendment will allow a subsequent rezoning application for a specific site to be submitted at a future date. Such an application would be reviewed under the guidelines and restrictions of the A-F Zoning District.
