Facility and Support Services

Subj: Scott County Jail Camera Replacement, Cabling and Software Integration

The Sheriff's office has budgeted \$108,000.00 total in FY2016/2017 to replace cameras throughout the jail facility. In our recent budget estimates we increased this amount to \$200,000.00 as we estimated potential costs for this project.

In addition to the new cameras, new CAT6 cable will be needed as we replace analog cameras with IP cameras, the new cameras will need to be integrated into the facility's sophisticated security equipment, and they will need to be integrated into the enterprise CCTV system that the County has moved to over the last several construction projects.

Because of the complexity of the project and the jail building structure we went out to bid for the cameras, cabling and software integration as one project. We received bids for this project as summarized below:

| | |
|-------------------------|--------------|
| CEC- Davenport | \$396,919.00 |
| Stanley Security | \$191,660.00 |
| Tri-City Communications | \$195,212.00 |

FSS staff has reviewed the bids and are recommending that the bid be awarded to Stanley Security. This project is funded through the current capital plan.

I will be at the next Committee of the Whole meeting to answer any questions you or the Board may have.
