SUBJ: Modifications Scott County 5 Year Plan

DATE: November 14, 2017

In our current 5 year construction plan for FY18, we have scheduled to pave F45 to Princeton. Princeton has a section of this road also and apparently is not ready to do their section. We had originally scheduled F31 near New Liberty for FY18 but moved it to FY20 and advanced F45. Both roads are in similar condition so, in order to give Princeton more time to prepare financially to do the project, we have decided to wait on paving F45 and advance F31. This works out very well because we have three other small paving projects near Dixon and we should get some really good prices. The other projects are 52nd Ave, 102nd Ave and the Ball Park road coming out of Dixon. The Ball Park Road (L-618) is also being added to the 5 year plan in order to take advantage of the price breaks for quantity for other work in the area
