SUBJ: Proposals for Pavement Preservation (Crack Filling)

DATE: April 10, 2018

This resolution is to authorize the County Engineer to sign proposals for Crack Filling. Proposals were received from two companies.

Illowa Investment – Blue Grass Iowa - \$53,197.20
19.45 miles on four roadways – Routing and filling

Bargen Incorporated – Mountain Lake MN - \$13,857.40
8.5 Miles on Y52 – Leveling and filling of wider cracks.

Each company offers a different process for filling cracks depending on the condition of the crack including depth and width. Y52 is the oldest of the roads to be crack filled and the cracks have widened out and rolled over so routing and filling is not the best process to use. The budget for this work is \$200,000 and we have spent \$66,417.38 leaving \$133,582.62 in the budget to do this work.
