RE: Jonathan Noble

We have selected a candidate to fill the position of Assistant County Attorney. The candidate chosen is Jonathan Noble. As shown by his attached resume he has experience as a prosecutor in Iowa. He also has military and law enforcement experience. He served as a magistrate before becoming an assistant county attorney in Jasper County. The job description of his current position matches our needs at this time. He would like to relocate to Davenport for family reasons. This experience makes him the best applicant to fill the open position in our office. He will be able to immediately cover the duties and responsibilities of an Assistant County Attorney.

Because of his experience and qualifications, I am requesting that we hire Jon at the salary mid-point of \$74,402. I believe this salary is reasonable and necessary to attract and retain capable attorneys to be prosecutors for the citizens of Scott County.

I frequently receive compliments about the quality of the attorneys on my staff. I appreciate the support of the Board of Supervisors to assure Scott County hires the best prosecuting attorneys available for this important public safety position.

Sincerely,

A handwritten signature in blue ink that reads "Michael J. Walton". The signature is fluid and cursive, with a long horizontal stroke at the end.

Michael J. Walton
Scott County Attorney

RE: Information Technology New Hire – GIS Analyst

We have selected a candidate to fill the position of GIS Analyst in the Information Technology Department. Five (5) candidates were interviewed selected from twenty-nine (29) which applied for the position.

The candidate chosen, Darrell Inskeep, has a Masters of Science in Geographic Information Systems. Mr. Inskeep has seven (7) years working in this field with varied levels of experience including supervision. He has been Office Manager / GIS Director for Habitat Management Inc., located in Farmington, New Mexico since 2012.

Mr. Inskeep also received a Bachelor's Degree in History as well as certifications in Fire Science and GIS Science.

Due to the exceptional technical and project management qualifications of this candidate, I am recommending we hire at a salary of \$28.46 per hour (~\$59,197) or 100% of midpoint for this position.

cc: Darrell Inskeep
