---

March 11, 2019

TO: Mahesh Sharma  
County Administrator

FROM: Tammy Speidel, FMP  
Director, Facility & Support Services

It is my understanding that Supervisor Croken asked for some information on recording of Board Meetings.

Since we have two new board members I'd like to share a little bit of history about this project.

In November of 2015, a group of employees attended an on-line presentation from Granicus, in which they outlined their ability to provide audio, video and meeting management solutions. Scott County did at that time and still does utilize GovDelivery, a Granicus product. In February of 2016 and again in August of 2016 Granicus gave online product demonstrations. Employees involved included those from Administration, Human Resources, Budget, Information Technology, Auditor, and Facility and Support Services. While I don't have the pricing that Granicus provided at that time, they state that they base their hosted service fees on the total population of the County. They had additional fees for equipment that had to be purchased through them; cameras, equipment upgrades, and any electrical or cabling costs also were not included and would have been an additional cost. During this same time frame we also attended on line meetings on two other products, Acella and Voice Recording Solutions. While staff favored the Granicus product at that time, the Board was unable to reach a consensus and the project was tabled.

In 2017 at the County Goal Setting Planning, held with Lyle Sumek, the topic came up again, was discussed by the Board and was placed on the Policy Agenda, however by budget time a consensus again was lacking and the project was tabled.

It came back up again in 2018 with a budget of \$50,000 which was intended for professional services to design a system for recording. Instead, after some discussion we were asked to work on getting a la carte type pricing for various options.

Facilities worked to obtain some pricing to help establish some budget numbers and obtained the following:

Vendor	Audio	Video	AV Equipment	Exclusions
Conference Room Technologies 01/10/2019		\$25,099.77	\$8,847.85	Electrical Work, Service Agreement
Communications Engineering Company 06/29/18		\$17,741.01	\$13,715.47	Conduits, raceways, boxes, cable trays, electrical work, millwork, patching, painting repair. Maintenance Agreement
AVRQC 11/1/2018		\$500.00- \$700.00 per meeting		Staff time to review video and post to site

Additionally, a quote was obtained from Granicus on 11/20/2018, which included initial onetime costs of \$9,000.00. This cost excludes, cameras, cabling, microphones, and any equipment which allows the Chair to run the audio of the meeting. Additional costs include a three year hosted subscription service in the amount of \$41,009.26. Granicus quoted this for budget purposes only and costs might be slightly more or less.

On 9/18/18 Matt Hirst led the board through a discussion as it related to a RFP for Meeting Management System. After lengthy conversation a consensus could not be reached and the item was tabled due to the pending November 2018 election.

The item was discussed during the FY20 Capital Budget Process with no consensus of direction except for establishing a budget amount of \$250,000.00, which is available 07/01/19.

On 03/5/19 Supervisor Croken asked the County Administrator for a presentation by Information Technology and Facility and Support Services. After a brief clarifying discussion with Supervisor Croken, he explained he was looking for some information as to what other Counties are doing with regards to Board Meeting documentation.

Facility staff performed a survey of Iowa Counties (spreadsheet attached) and determined that 9 of the 99 counties have video recordings, 4 of the counties post audio recordings and 86 counties post written agendas and minutes only.

Of the 9 that post video 5 of them utilize YouTube, 1 posts via Facebook, 2 utilize Granicus and 1 utilizes an alternative method.

Matt Hirst and I will be at the Committee of the Whole on March 19, 2019 for this discussion item.
