Keep It QC overview:

The Quad Cities Chamber's "Keep It QC" initiative is a movement about the power of doing business locally in order to tangibly improve the local economy. Doing so means educating members of our B2B and B2C sectors about WHY buying local should be their first choice every time with the goal of influencing purchasing decisions. The best part? It doesn't require any additional spending on their part – just a change in WHERE they're spending.

Ultimately, we want to increase businesses for *all* Quad Cities businesses. The short-term gain is an increase in our region's GRP due to locally focused spending; the long-term gain means a stronger, more robust business community.

Why this is important?

In short: buying local grows our GRP, funds community improvements/services, supports local jobs and makes the QC more attractive for growth!

Strong businesses have a snowball effect:

- 1) When consumers and businesses buy goods and services from companies in the Quad Cities, **it increases our region's gross domestic product (GDP)**, an indicator of an area's economic health.
- 2) Buying local also simultaneously **supports local roads, schools, parks, police and fire departments and other quality-of-place projects** because public infrastructure is funded, in part, by sales taxes and other taxes paid by the local business to the city, county and state where they're located. And those local taxes are what help fund upgrades to benefit THIS community.
- 3) Buying local also **supports local jobs**. When a business is healthy, it can keep its doors open and sustain its workforce. Better yet, it can grow and hire more workers who also have individual spending power. So, when they also buy local, it creates a snowball effect – further growing the region's GDP, increasing the strength of our area businesses (leading to more and/or better jobs!) and making even *more* funds available for roads, parks, schools, police/fire, infrastructure and other improvements.
- 4) Plus, strong businesses also make for a more vibrant, robust and powerful Quad Cities, which **increases our attractiveness to companies looking** to expand or relocate. Growth breeds growth.

SUBJ: No Parking Sign Installation

DATE: November 3, 2020

I am requesting a first of three readings to amend our Code of Ordinances, Chapter 10 – Parking Ordinances, to designate areas of No Parking on specific county roads.

The first area is on Oak Street south and east of 140th Street (U.S. Hwy 61). Please see the attached location map. The Sheriff's Office has recently received several calls from Scott County residents disapproving the parking of private vehicles, tractor trailers, and boats within the Oak Street cul-de-sac.

The portion of Oak Street between U.S. Hwy 61 (140th Street) and the cul-de-sac is a county road maintained by our department. Oak Street becomes a private road south of the cul-de-sac. Our truck drivers utilize the cul-de-sac to turn around when plowing snow. The cul-de-sac also provides space for emergency vehicles to turn around. The parking of private vehicles, tractor trailers, and boats within the cul-de-sac hinders the ability to utilize this public space for traveled purposes. I recommend installing No Parking Signs within the Oak Street cul-de-sac area.

Back in June of 2018, Jon Burgstrum and I spoke with the Board of Supervisors about placing No Parking Signs in Park View along South Park View Drive, Hillside Drive, and Valley Drive. Please see the attached location map. The signs were requested by the administration at Neil Armstrong Elementary School to increase safety for children crossing the street to attend school. At that time, it was Jon and my understanding that No Parking Signs are not listed individually in our Code of Ordinances. We were looking at Chapter 13 - Traffic Code. The Board of Supervisors were supportive of the signs and we installed the signs in July of 2018.

As I was researching our Code of Ordinances to request the No Parking Signs on Oak Street, I came across Chapter 10 – Parking Ordinance and discovered that No Parking Signs are listed individually in this chapter. I recommend adding the No Parking areas around Neil Armstrong Elementary School in Park View to the ordinance.

Install No Parking Signs on Oak Street within the cul-de-sac area.

Re: Approval of the first of two readings of an ordinance to rezone 58.5 acres more or less from Agricultural Preservation (A-P) to Industrial (I) located north of New Liberty Road/Iowa Hwy 130, and approximately one mile west of 35th Ave and one-half mile east of 20th Avenue and legally described as part of the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and the west half of the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 33 in Liberty Township (Parcel# 013305003 Parcel# 013303002)

The Planning Commission unanimously recommended approval of this rezoning application based on its compliance with a preponderance of the Revised Land Use Policies of the Scott County Comprehensive Plan.

The Planning Commission noted that a previous rezoning application from A-P to A-G for the 180 acres east of the existing quarry site was approved in 2008 and a Special Use Permit to allow the primary extraction operation proposed on that 180 acres plus the 145 acres lying south of Hwy 130 that remained zoned A-P was also approved in 2008. The rezoning application also included a request to amend the Future Land Use Map to show 70 of the rezoned 180 acres as appropriate for industrial development, which was also approved. Then in 2018 when Riverstone acquired the adjacent 112 acres located to the west of the existing quarry site a Special Use Permit for primary extraction on that property was approved.

The Board of Supervisors held a public hearing on the application at its meeting on October 29th. The applicant spoke on behalf of the request. There were no others in attendance and staff had not received any calls with concerns or questions about this rezoning application.

This rezoning is to allow the secondary processing operation on the existing quarry site to be moved to this 58 acre area. The amendment to the Future Land Use Map approved in 2008 for the 70 acres east of the existing quarry will remain in place. The Future Land Use Map amendment did not rezone the property to Industrial in 2008 but was intended to indicate it is likely to be favorably considered when it is requested at some point in the future.

Staff did not recommend that the applicant go through the intermediate step on the current 58.5 acre tract to rezone it to A-G and amend the Future Land Use Map to show industrial on this property and the Planning Commission concurred with that determination. This was made on the basis that even though the 112 acres lying west of the existing quarry is zoned A-P, which includes this 58.5 acres, it is already approved for extraction and primary processing.

The applicant also noted there are a number of other State and Federal permits that they must comply with to continue their operation on all three quarries in Scott County.

PLANNING COMMISSION RECOMMENDATION: The Planning Commission recommends approval of the request to rezone this property from Agricultural-Preservation (A-P) to Industrial (I) based on its compliance with a preponderance of the criteria of the Revised Land-Use Policies and also the previous approvals of Special Use Permits to allow extraction and primary processing on the entire area owned by the applicant.

The Davenport City Assessor's Office received one new application for the 2020 Family Farm Tax Credit Program. The application was for three parcels that were previously receiving the credit but the ownership changed. We did have a few changes due to splits, adjustments and annexation.

There are currently 31 applications covering 3876.16 acres for 2020.

The applications have been reviewed and they meet the eligibility requirements of Iowa Code Section 425A. We recommend approval of all of the qualified parcels.

However, we are recommending some changes due to parcel splits, annexations and assessment adjustments.

With the new applications, the internal auditing process, and the changes recommended there are now 569 total applications totaling 106,639.244 acres in Scott County that we are requesting the Board approve. All of the family farm values have been posted and are on file in our office. If you have any questions, please contact Beth Haney at ext. 8636 or myself at ext. 8478.

Subject: United Way incentive

In previous years the County provided an incentive to employees in order to increase participation in United Way giving. The committee is requesting that once again we provide an incentive to raffle 8 hours of floating holiday time to individuals who contribute a minimum of \$52 in the annual United Way pledge drive. The past experience is that this incentive has demonstrated that increased giving to United Way. One employee's name would be drawn at a future Committee of the Whole and they would receive 8 hours of floating holiday time to be used by June 30, 2021.
