To: Mahesh Sharma, County Administrator
From: Matt Hirst, Information Technology Director
Sam Samara, Information Technology Infrastructure Manager
Subject: Network Monitoring Software Maintenance and Support

SolarWinds software license maintenance and support is due for renewal. SolarWinds is software implemented by Information Technology to monitor various technologies at Scott County and includes utilities for:

- Network Management
 - Performance monitoring
 - Traffic analysis
 - Device configuration management
 - Log and event management
- Virtual server performance management
- Storage management
- Client Management
 - IP Address management
 - Patch management
 - Remote support

The quote summary is as follows:

<u>Vendor</u>	<u>Total</u>
SHI	\$ 27,446.86
CDW-G	\$ 27,506.15
Loop 1	\$ 28,922.26
Solarwinds	\$ 30,444.48

It is recommended that the Board approve the quote from SHI in the amount of \$27,446.86 for one year of maintenance and support. (Multi-year contracts do not offer any cost savings.)

The SHI proposal provides Information Technology the ability to obtain the latest updates and patches for SolarWinds software as well the support necessary to better utilize the management utilities. The result is more functional and dependable technology. The contract for this maintenance and support was awarded to Zones in the amount of \$26,573.33 in FY'21. Zones did not submit a quote for services for FY22. Budget dollars are available in the Information Technology Department operational budget to fund this contract.
