MEMORANDUM

Date: 05/26/2022

To: Scott County Administration and Board of Supervisors

RE: Restorative Justice Programs Contract Renewal

History- Program Description

The Scott County Restorative Justice programs contract provides reimbursement for all services provided under the Restorative justice programs umbrella. This includes two program components which utilize Restorative Justice Concepts, which target different populations and systems. Both of these program components are designed to lower detainment. The first component is the Auto Theft Accountability Program, which is a pre-adjudication diversion program which utilizes Restorative Community Conferencing to repair harm with victims of property offenses including car theft. The Second component is the School-Based Restorative Justice program, which is a suspension diversion program which utilizes Restorative Mediation to mediate conflict between students.

Auto Theft Accountability Program Component - Description and Outcomes

This program component is a restorative justice concept in which victims and offenders are brought face to face in a neutral setting. Staff then facilitate a meeting to discuss the harm that has been done and create a plan for how the offender is to repair the harm. The youth offender will have three months to complete the plan. If the offender completes the plan, they will have their charge dismissed. However, if at any point they fail to progress, they will revert back to court proceedings.

The program accepted its first referral in April of 2019. The program has had fifty eight (58) referrals since inception. Thirty nine (39) referrals have completed a restorative community conference, twenty eight (28) referrals have completed the entire program successfully, and four (4) referrals are actively on-track to complete the program. Of those that have completed the program successfully, 95% were still without a new offense 6 months post discharge, and 87% were still without a charge one year post discharge.

School Based Restorative Justice Program Component Description

The Scott County School-based Mediation Program is a suspension diversion program implemented in the secondary schools of the Davenport, Bettendorf, and North Scott Community School systems. Certain incidents that would typically be incidents resulting in out of school suspension, can now be handled as an in-school suspension and those involved will participate in a Restorative Mediation circle.

In the circle, the two (or more) youth are brought together to learn about why the event happened and then develop a plan to repair the harm that has been done and ensure it does not happen again. Through this process, students will learn the impact their behavior has on others and a resolution will be formed prior to entering regular classes to ensure violence does not occur in the future

The program accepted the first referral in January 2021. Since that time, the program has received two hundred ninety (290) referrals, has completed two hundred fifty nine (259) successful mediations. 91% of referrals end in a successful mediation. The program has pre-emptively avoided over one hundred (100) fights and has served over six hundred (663) unduplicated youth. The program is actively completing mediations in all secondary schools in Davenport, Bettendorf, and North Scott school districts.

Capital Costs- This program will incur no capital costs as it will be provided in the Scott County Juvenile Diversion Programs space.

Offsetting Revenue

On-going operating expenses for this program are covered by an inter-governmental contract with Iowa Department of Human Services. (Contract attached) Decategorization Board. All staff time, training, and supplies for the program will be reimbursed by the contract up to \$140,000 annually. Davenport Community Schools also provides supplemental funding for up to \$50,000 annually.

The contract would need to be signed by the Scott County Board of Supervisor's Chairperson by July 1, 2022 in order to continue operating.
