SUBJ: Approval of Plans, Specifications, & Letting Date for Intersections Improvement Project

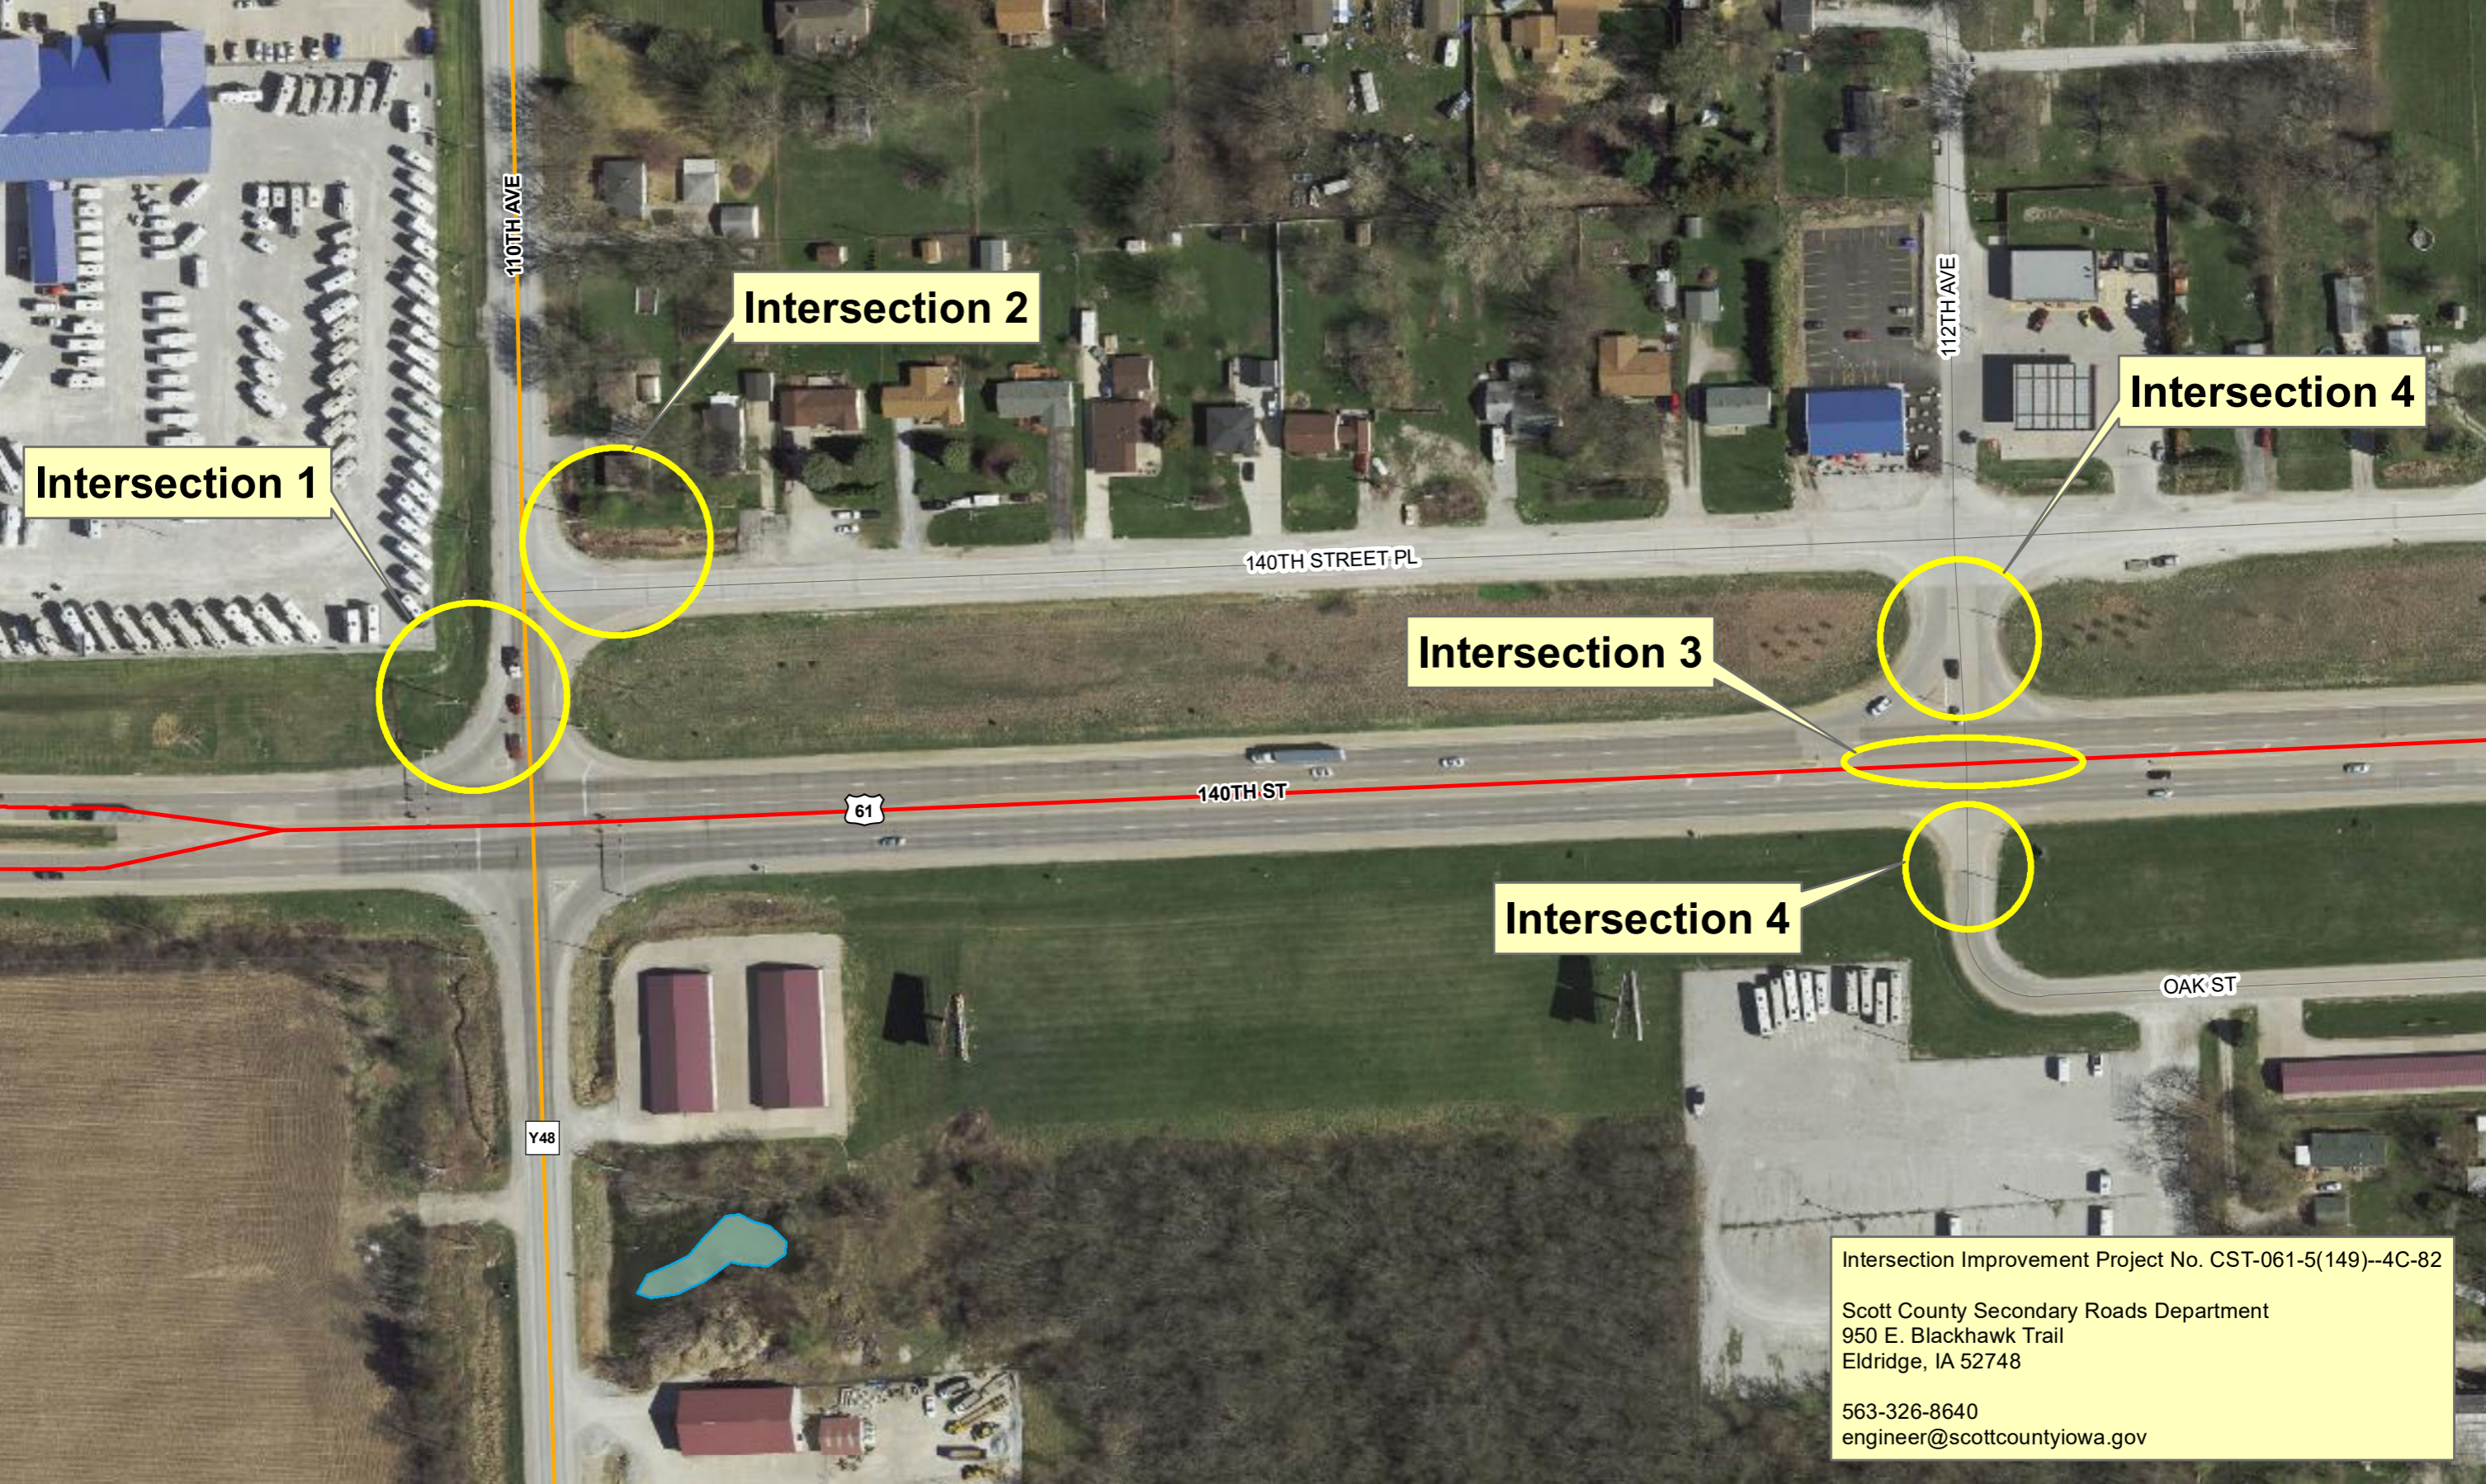

DATE: June 28, 2022

This resolution is to approve the plans, specifications, and letting date for four intersections improvement project. Intersection improvements will be constructed at U.S. Highway 61 and 110th Avenue, 140th Street Place and 110th Avenue, 112th Avenue/Oak Street and U.S. Highway 61, and the median area on U.S. Highway 61 at 112th Avenue.

Over the past two years, we have been working with our engineering design consultant, IIW, P.C., and the Iowa Department of Transportation (Iowa DOT) to prepare plans for safety improvements at these intersections. The improvements include building a right turn lane on 110th Avenue at the north leg of the intersection with U.S. Highway 61, building a right turn lane on 140th Street Place at the east leg of the intersection with 110th Avenue, building a restricted crossing U-turn median on U.S. Highway 61 at the intersection with 112th Avenue/Oak Street, and making minor improvements to both the north and south legs of the intersection of 112th Avenue/Oak Street with U.S. Highway 61.

This project is in FY2023 of our Five-Year Construction Program. Construction project costs will be paid by our department with local funds. The Iowa DOT will reimburse our department \$200,000 with funds through the County-State Traffic Engineering Program (C-STEP), a cooperative program for safety improvements on the rural portion of the State Primary Road System.

Included with this memo is a project location map. I recommend signing the plan set title sheet and approving the intersections improvement project for a letting on July 26, 2022.
