County Engineer

SUBJ: Hot Mix Asphalt (HMA) Maintenance Patching Project

DATE: July 26, 2022

The Scott County Secondary Roads Department requested quotes for the construction of a HMA Maintenance Patching Project. The project consists of scarifying existing severely deteriorated asphalt and placing HMA at the following locations:

- On Y30: north and south bridge approaches at the I-80 overpass bridge
- On 190th Avenue ~ 0.4 miles south of 270th Street

The request for quotes was sent to all local contractors that perform this type of work. In addition, the notice of work was published in the Iowa Department of Transportation letting bulletin and in the Associated General Contractors of Iowa letting bulletin. The following quote was received:

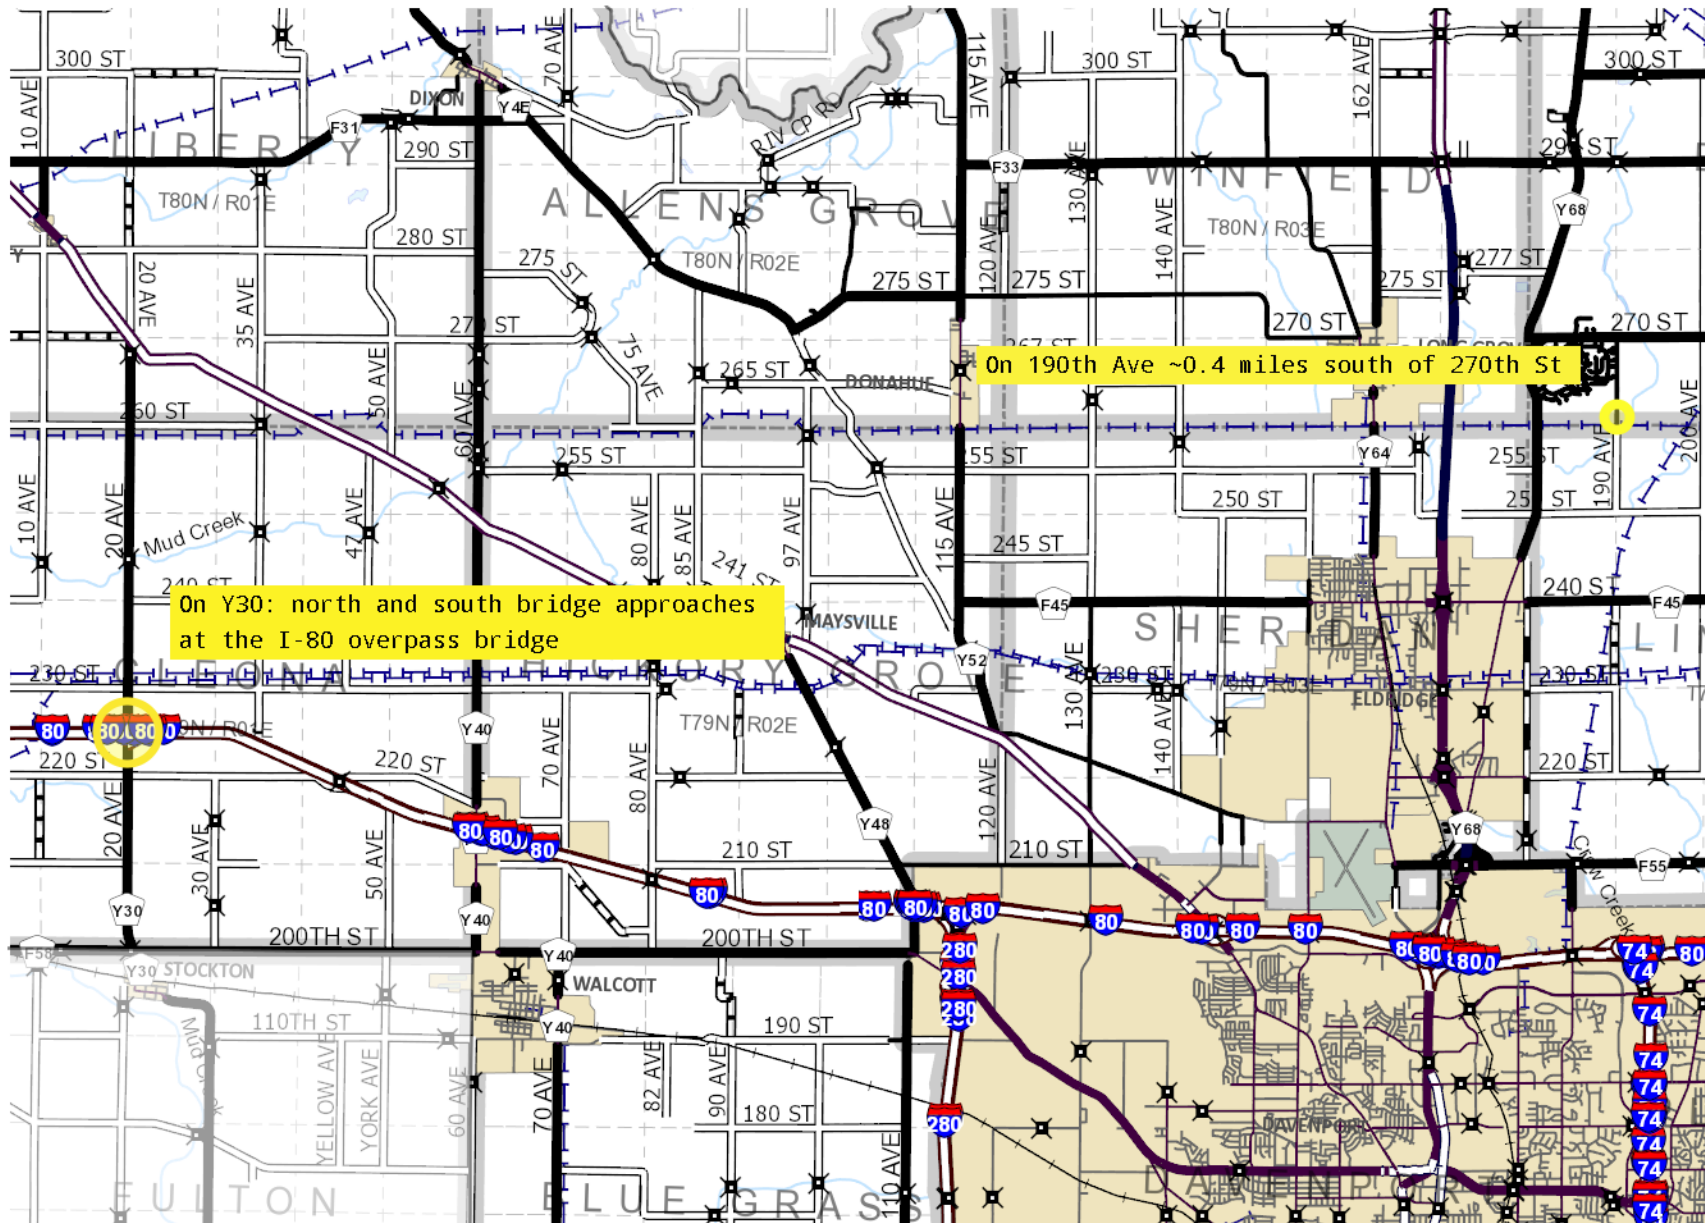

Valley Construction Company, Rock Island, IL: \$206,606.00

The Engineer's Estimate of Costs for this project was \$226,342.00. We have approximately \$400,000 remaining in our FY2023 budget for HMA maintenance. I recommend entering into a contract with Valley Construction Company contingent on the unit prices submitted in their quote. Included with this memo is a project location map.
