SUBJ: No Parking Sign Installation

DATE: October 18, 2022

I am requesting a first of three readings to amend our Code of Ordinances, Chapter 10 – Parking Ordinances, to designate areas of No Parking on specific county roads.

Our department received a request from the Park View Home Owners Association (HOA) to restrict parking on Manor Drive near the intersection with 270th Street. The HOA was notified that cars are being parked past the northwest corner of Manor Drive and encroaching onto 270th Street, restricting visibility for vehicles turning off of Manor Drive onto 270th Street.

Parking is presently restricted on the east side of Manor Drive from 270th Street to Park View Drive. Manor Drive does not have a wide enough cross section to support parking on both sides of the road with two-way traffic. An apartment complex is located on the east side of Manor Drive near 270th Street and has limited off-street parking accommodations. It is common practice for vehicles to be parked along the westerly side of Manor Drive.

Our department performed an engineering study and reviewed the intersection for potential sight restrictions due to parked vehicles. We also consulted with the Sheriff's Department to learn of any issues they are experiencing with cars parking too close to 270th Street.

We determined that installing a “No Parking Sign from Here to Corner” is warranted to improve safety at the intersection. I request a first of three readings to amend our Code of Ordinances, Chapter 10 – Parking Ordinances, to designate the following No Parking area:

On the west side of Manor Drive from 270th Street (County Park Road) south 50 feet.

Included with this memo is the amendment to the ordinance and a location map.
