To: Mahesh Sharma, County Administrator
From: Matt Hirst, Information Technology Director
Subject: NetMotion Maintenance and Support

NetMotion software license maintenance and support is due for renewal.

Scott County utilizes NetMotion software to provide remote access via a secure Virtual Private Network (VPN) to the County data network from external networks (Internet).

The bid summary for NetMotion license maintenance and support is as follows:

<u>NetMotion (1 year 24/7 Support)</u>	<u>Total</u>
Insight/PCMG	\$30,793.00

It is recommended that the Board approve the bid from Insight in the amount of \$30,793.00.

NetMotion maintenance and support contract provides Information Technology the ability to obtain the latest updates and patches to the software as well software support 24x7. The result is a more functional and dependable computing environment.

Budget dollars are available in the Information Technology Department operational budget to fund the costs of this contract.

Notes:

- NetMotion license maintenance and support costs were \$36,390.00 in FY'20 for a three (3) year agreement.
- At the time of the renewal in FY'20 and prior to the pandemic, Scott County licensed 225 NetMotion connections. Today we license 350 NetMotion connections.
- Multi-year agreements offered approximately little to no savings over a one year renewal.
- Pricing was obtained from Insight through the State of Iowa contract (State of Iowa OCIO's Participating Addendum # 2018 BUS 0105 for the U.S Communities Contract # 4400006644) with Absolute Software. The pricing through this agreement was competitively sourced and is available for use by all State of Iowa Agencies and Political Sub-Divisions within the State of Iowa including Scott County.
